

# Radiology X-Ray Referral

Salisbury NHS Foundation Trust  
 Odstock Road  
 Salisbury SP2 8BJ

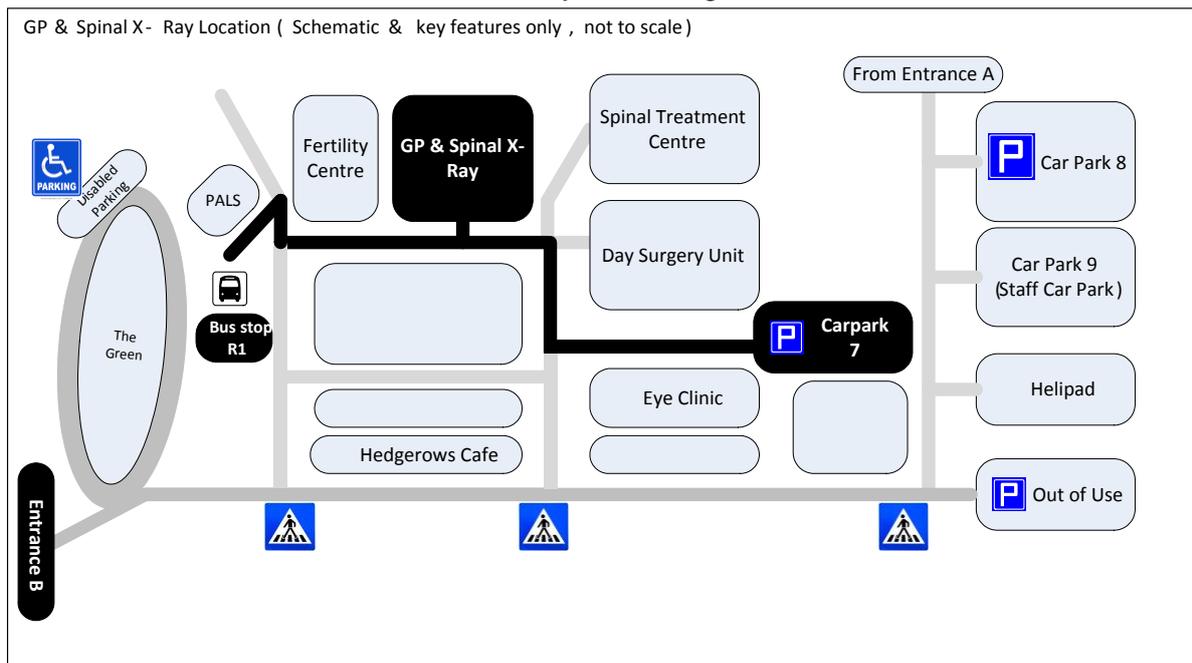

Dear Sir/Madam,

**Your GP has referred you to have an x-ray.** We offer a walk-in service at our main hospital site for Chest X-rays only. No appointment is necessary and the opening times are shown below. Patients attending from Shaftesbury, Westbury & Fordingbridge surgeries will be given an appointment at the community x-ray site closest to home. Your request has been sent to us electronically. If your GP has given you a form please bring that with you too. We have **two separate** Radiology departments; you will need to visit **GP & Spinal X-Ray**.

**BY BUS:** R1 bus stops at “The Green” entrance. Several disabled driver spots are also available here.

**BY CAR:** Enter the site by **Entrance B** and use **Car Park 7** and the Eye Clinic Entrance.

**Appointments:** The Radiology Office will book and send you an appointment. If you require assistance, please call 01722 429282 and let them know. They will arrange a slot with allocated extra time.
